DESIGNER FAMILY HOME WITH GARDEN STUDIO

An incredible family home with immense space inside and out - perfect for the large family.

The flexible floor plan delivers big on easy living. Multiple living areas and extensive storage through-out the home caters for a functional family lifestyle - the three bedroom layout could easily be converted into 5-6 bedrooms.

The first floor features: a stunning open plan living space leading out onto the back deck; a dining area off a lovely 2 pak kitchen with walk-in pantry and dishwasher; a delightful master bedroom with walk-in wardrobes, en-suite, spa bath, and a handy laundry chute; the second bedroom with built-in wardrobes; and a powder room with the second toilet.

There is now even more living space with the addition of an enormous rumpus room. Previously the double lock-up garage, this space has been converted into an oversized living room and has a new reverse cycle airconditioner. The electric panel lift door remains in place for an easy conversion back to a double lock-up garage should that suit your needs.
